Go from edge to edge with a tape measure and mark everything. This includes wall lengths, opening lengths, ceiling heights and appliance spaces.
- 3 Step Three: Your Layout**

if you have an idea or change you want to make, let us know! Feel free to draw your ideas of what you would like to include in your new kitchen.
- 4 Step Four: Appliances**

Make note of the sizes and specs of any appliances you have or plan on purchasing for your new kitchen.

A large grid of graph paper for taking measurements. The grid consists of 20 columns and 20 rows of small squares. A vertical line is drawn between the 10th and 11th columns, and a horizontal line is drawn between the 10th and 11th rows, creating a central cross that divides the grid into four quadrants.
